To the Trade

IN presenting this Descriptive List of our Products we call attention to following important innovations which we hope will prove of service to our friends:

Combinations of Lines

Blank Book as well as Loose Leaf lines are described herein, combining in one compact volume these two closely allied lines, thereby saving Dealers and their Salesmen valuable time, space, etc.

Stock Numbers

A very carefully prepared line covering the majority of needs in Blank Books and Loose Leaf Devices is described herein, all of which are carried in stock, thereby enabling Salesmen to offer articles that can be supplied without the **delay** and **expense** of specially manufactured goods.

Prices

No prices are given in this list, as it is intended to be a permanent book of reference of articles that can be procured from stock, thus making it a safe list for the Salesman to refer to either over the counter or when visiting his trade.

Specially prepared **Price Lists** for pocket use, in very comprehensive form, covering the items carried in stock as well as tables from which specials can readily be computed, are issued as frequently as changing market conditions require.

Be sure to always have the latest.

Kindly note specially the pages referring to ordering, etc., immediately preceding the Blank Book and Loose Leaf sections. Following the suggestions thereon will help to avoid mistakes.

How to Order

By carefully complying with the following suggestions you will help us to correctly handle your stock and special orders and to render prompt service.

Ordering Stock Goods

Order all stock goods by catalog number.

Ordering by Telegraph

In these days of the day or night lettergram code words to determine numbers and styles are no longer found desirable, but by using the following simple code words for general instructions and quantities important savings may be effected.

General Directions

Details: Be sure to specify Number, Ruling and Thickness.

Routing: Be specific in giving shipping instructions. State whether we are to ship via Parcel Post, Express, Freight, First Shipment or as an enclosure to some other house. Parcel Post shipments insured against loss or damage at dealers' expense unless otherwise instructed.

Division of Accounts in all Double Entry Ledgers: The division of accounts in all Double Entry Ledgers are about as follows: Two thirds one account, balance, half two and half three accounts to a page. Where ledgers are made in both *assorted and all one account, assorted accounts are always sent unless one account is specified.*

Ledgers with Index: Where ledgers carry an index and all ledgers do, unless otherwise noted the division is about as follows: 150 and 200-page, 4 letters to a leaf; 300 and 400 pages, 2 letters; 500 pages and up, 1 letter.

Indexing: The suffix I. T. after a number indicates Indexed Through; I. S., Indexed Through and Stayed; I. F., Indexed Front; I. F. S., Indexed Front and Stayed.

Rulings: All folio books are ruled No. 3 Faint. The rulings of Journal, Day or Cash Books are identical, the difference being title given book.

Paging: All folio books are paged regular—i. e., 1-2-3, etc. Exceptions to this rule are noted in catalog. Where printed or ruled forms extend across both pages, the books are paged folio—i. e., 1-1, 2-2, 3-3, etc.

Titles: When ordering extra titles for books, state whether the title is for side or back. If for the back, give number, size and thickness of book.

Lettering: Where books are to be lettered on either side or back, specify position and style of lettering wanted.

Book Sizes: Sizes listed are the outside dimensions. The binding side in every instance is the first measurement.

Ordering Special Blank Books

Send a sample sheet showing clearly the ruling and printing desired. The following information is absolutely necessary:

Sheet size (binding side first).

Weight, quality and color of paper.

Full description of binding desired; if possible refer to a stock number for style.

Give any other details you can to help avoid mistakes.

As weeks and possibly months are required to make most specials, give full shipping directions, so as to avoid delay.

The image shows a large, open ledger or account book. The pages are filled with dense, handwritten entries in multiple columns, organized into a grid-like structure. The handwriting is in dark ink on aged, slightly yellowed paper. The ledger is bound in the center, and the pages are spread wide, showing the full extent of the data recorded. The columns are narrow and numerous, typical of a detailed financial or inventory record. The overall appearance is that of a historical document, possibly from the 19th or early 20th century.

The image shows a document page with a header section containing the words "DATE", "NAME", and "AMOUNT". Below the header, there are several columns and rows of text, which appear to be a ledger or a form. The text is mostly illegible due to the high contrast and noise, but some words like "DATE", "NAME", and "AMOUNT" are visible in the header section. The page appears to be a scan of a physical document.

To the Trade

IT HAS been our constant endeavor to manufacture a complete line of superior finished Loose Leaf Merchandise for immediate delivery from stock that our Dealers may establish a permanent business in this important industry.

An examination of the following pages will show the constructive work accomplished. The lines described cover the majority of the requirements of the users of Loose Leaf Devices.

Important Notice—Frequently Accountants and Specialists find it necessary to have forms made to meet certain requirements. We strongly urge Dealers to induce them to adopt sheet sizes that conform with the stock bindings in this list for economy both in time and money.

Special Goods—Appreciating the need of dependable service on special items, we maintain in this department an organization and equipment that insures you superior service and co-operation.

Guarantee—All standard B & P Products carry Boorum & Pease Co.'s unqualified guarantee that they are free from manufacturing defects when leaving factory. Repairs or replacements cheerfully made. Hold any imperfect goods for our disposition and notify us promptly.

Routing—Complete shipping instructions should always be given when ordering. If omitted, our shipping department will forward according to their best judgment and without responsibility to Boorum & Pease Co.

Parcel Post—All goods ordered shipped by Parcel Post will be insured against loss or damage at dealer's expense unless otherwise instructed. We will not be responsible for goods shipped by open mail.

Claims—Errors: To facilitate adjustment of any manufacturing and clerical errors or items omitted on invoice shipments, claims must be made within ten days after receipt of goods.

Damages—Our liability for any shipment ends with our receipt or bill of lading from the transportation companies. Consignees must file their claims for lost or damaged shipments with the transportation company.

How to Order

By carefully complying with the following suggestions you will help us to correctly handle your stock and special orders and to render prompt service.

Ordering Stock Goods

Order all stock goods by catalog number.

Ordering Special Binders

Send a sample sheet when ordering special binders. This lessens your responsibility and eliminates errors. The following specifications are also necessary:

Size of sheet (give binding dimension first).

Number and size of posts or rings.

Distance between centers of posts or rings.

Style of binder.

Capacity (length of post or size of rings).

Style of binding.

Ordering Special Sheets

Send a sheet showing clearly the ruling and printing desired, noting carefully any changes or additions. The following information is also essential:

Sheet size (binding side first).

Weight, quality, and color of paper.

Size and style of punching, and distance from center to center.

If possible give the stock number of binder in which sheets are to be used.

We will understand that both sides are to be ruled and printed the same unless otherwise specified.

We cannot submit proof of ruling, but should there be doubt of printing requirements, sketch will be submitted for your approval. You cannot be too specific in ordering special sheets. The care with which you make your sketch and write your specifications will often determine the length of time required to produce the sheet. Special ruled sheets should, if possible, be made to fit a standard B & P stock binder.

Standard Columnar Binders and Sheets

The Standard L-2300 line of Columnar Sheets—Cash and Journal, Bank and General Accountancy Forms—are made in the same forms and allow the same writing space as our No. 23 Bound Columnar Books, which have proven to be the most popular and successful books of this character ever produced. In addition to these forms all the Standard Loose Leaf Column Forms are furnished.

Flexibility of the Standard line is unlimited. From two columns to any number of columns can be produced by use of the No. L-2321 cut-leaf form.

Made of high-class heavy white ledger paper, with writing surface that permits the use of any style ink. The soft, harmonious tones of our rulings promote accuracy in posting and obviate eye-strain.

The sheets are creased on machines of our own manufacture, which produce a writing surface as flat as a bound book when the forms are used in our No. L-2300 binders, designed especially for the purpose.

Reliable Prong Binders

Mechanism: Formed wood back that will not warp, metal prongs fastened to fibre sides. In place of the usual metal hinges protruding through the back, damaging the binding, strong woven web-tape hinges are used, wrapped entirely around the wood strips, making the strongest and most serviceable hinges.

Bindings: Heavy light olive-colored canvas, with cover hinges, strongly reinforced; heavy single boards.

and Corners, Black Cloth Sides

Standard Record and Minute Books

Mechanism: Two polished steel hinges, with $\frac{5}{16}$ " diameter posts attached by steel rods. The rods are easily withdrawn to remove or insert the sheets, and are so constructed that after the book is completely written up the ends of the rods may be detached and the rods driven into sockets, after which it is impossible to remove them, thus converting the book into a permanent bound record.

Capacities: 150 sheets (300 pages), 250 sheets (500 pages), 300 sheets (600 pages) and 350 sheets (700 pages).

Sheets: High quality heavy white ledger paper with red record marginal line ruled at left; flexible hinges, creased on machines of our own manufacture, paged, and with a safeguard signature number in upper left-hand corner to prevent removing and replacing original sheets. Under no circumstances will duplicate signature numbered sheets be sold for any record book. Unpaged sheets without signature number can also be furnished.

Bindings: For every requirement carried in stock.

Notear Price Book Sheets and Indexes

THIS IS WHAT
HAPPENS EVERY
DAY.

With the Notear Sheet it can Never Happen

Notear Price Book Sheets and Indexes

Notear Price Book Sheets and Indexes are without doubt the greatest innovation and improvement ever made in the development of Price and Ring Books.

The only objection ever made to Loose Leaf Ring Books has been caused by sheets tearing out—this in many instances is caused by overcrowding or rough handling. And though manufacturers have endeavored to obviate this trouble by advocating the use of sheets having extreme tensile strength or reinforcing the punchings with muslin eyelets, the trouble was not eliminated until Notear Sheets were perfected.

Notear Sheets and Indexes are made with muslin strips of great strength and varying widths (to prevent bulking), attached to the binding side of the sheet by a mechanical process that practically fuses the strip to the sheet. The punching being in the muslin strip, it is an absolute impossibility for the sheets to wear or tear out at the holes, and important data may be kept in active use for indefinite periods.

The number of sheets to a banded filler are graduated to maintain a uniform selling price. All sizes are packed 5 fillers to a box.

Universal Assortment N

This is a new departure from the old method of displaying Loose Leaf Price Books.

Ten complete Universal Price Books in assorted sizes and rulings are tastefully arranged in a handsome and substantial Silent Salesman, requiring a small counter space, but bringing the books to the attention of prospective customers in the most effective manner.

The assortment box may be kept up to date by reordering the sizes from open stock as the books are sold. Complete instructions for ordering are printed on the back of the display box.

Universal Assortment N contains the following complete Price Books:

Trial Balance Books

Complete Trial Balance Book, assembled ready for use, the forms designed on the long and cut-leaf plan, names of accounts being written in alphabetical order on the long sheet as they appear in the ledger. The cut leaves carry the debit and credit columns for listing monthly balances. The name sheets can be used indefinitely, obviating the necessity of rewriting names each month.

No. S500—Complete Trial Balance Book, consists of: •

Binder No. S254, sheet size 12"x9½", bound black fabrihide back and corners, black cloth sides, ½" capacity.

26—Name Sheets No. S502, size 12"x9½".

50—Cut Sheets No. S503, size 12"x6½".

Additional Name and Cut Sheets are carried in stock as follows:

No. S502—Name Sheets, size 12"x9½", banded 26 sheets to a filler.

No. S503—Cut Sheets, size 12"x6½", banded 50 sheets to a filler.

Time and Pay-Roll Book

Complete Pay-Roll Book, assembled ready for use, the forms arranged on the long and cut-leaf plan; the names, hourly rates, and other permanent data are written on the long or name sheet and used indefinitely; the cut sheets are inserted as required. Each cut leaf records two weeks.

No. S512—Complete Time and Pay-Roll Book, consists of:

Binder No. S254, sheet size 12"x9½", bound black fabrihide back and corners, black cloth sides, ½" capacity.

26—Name Sheets No. S513, size 12"x9½".

50—Cut Sheets No. S514, size 12"x6½".

Additional Name and Cut Sheets are carried in stock as follows:

No. S513—Name Sheets, size 12"x9½", banded 26 sheets to a filler.

No. S514—Cut Sheets, size 12"x6½", banded 50 sheets to a filler.

Perpetual Stock or Inventory Record

Complete Perpetual Stock or Inventory Book, assembled ready for use. This is an improved, efficient method of keeping stock records. The sheets are designed to show accurately the condition of stock at all times. This prevents unnecessary buying and shows that goods ordered have been received. The name or description sheets need be written once, and the cut sheets are inserted as needed to continue the record.

No. S515—Complete Perpetual Stock or Inventory Record, consists of:

Binder No. S254, sheet size 12"x9½", bound black fabrihide back and corners, black cloth sides, ½" capacity.

61—Description Sheets No. S516, size 12"x9½".

60—Cut Sheets No. S517, size 12"x5¼".

Additional Description and Cut Sheets are carried in stock as follows:

No. S516—Description Sheets, size 12"x9½", banded 50 sheets to a filler.

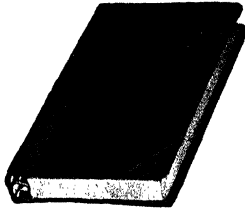

No. S517—Cut Sheets, size 12"x5¼", banded 50 sheets to a filler.

Combined Bills Payable and Receivable Book

Standard Business Systems

Combined Bills Payable and Receivable Book

Complete with sheets, assembled ready for use.

A combination form with printed head columns for recording every transaction involved in the handling of bills, notes or acceptances. This is of vital importance in every business.

No. S509—Complete Combined Bills Payable and Receivable Book, consists of:

Binder No. S254, sheet size $12'' \times 9\frac{1}{2}''$, bound black fabrihide back and corners, black cloth sides, $\frac{1}{2}''$ capacity.

100—Sheets No. S510, size $12'' \times 9\frac{1}{2}''$.

Index sheets lettered Payable and Receivable.

Additional sheets are carried in stock as follows:

No. S510—Sheet size $12'' \times 9\frac{1}{2}''$, banded 100 sheets to a filler.

Hotel Register

Complete with sheets, assembled ready for use.

The Loose Leaf Hotel Register has many advantages, as it is possible to remove the sheets as they are written up without interfering with the work of the room clerk, and as the current leaf only is kept in the desk binder, prohibits unauthorized people going through the register.

No. S518—Complete Hotel Register, consists of:

Binder No. S254 sheet size $12'' \times 9\frac{1}{2}''$, bound black fabrihide back and corners, black cloth sides, $\frac{1}{2}''$ capacity.

100—Sheets No. S519, size $12'' \times 9\frac{1}{2}''$.

Additional sheets are carried in stock as follows:

No. S519—Sheet size $12'' \times 9\frac{1}{2}''$, banded 50 sheets to a filler. As a transfer for Hotel Register sheets, Binder No. S2354, bound in full canvas, $1''$ capacity, is suggested.

Inventory Outfit and Sheets

Inventory sheets are of superior grade white paper, light weight, but of great strength to withstand the hard usage to which this class of sheets are usually subjected.

No. S1512—Complete Inventory Outfit, consists of:

Progress Clip No. C2023, sheet size $12'' \times 9\frac{1}{2}''$, bound full black cloth, $\frac{3}{8}''$ capacity.

500—Inventory Sheets No. S1511, size $12'' \times 9\frac{1}{2}''$.

Empire Threaded Post Transfer Binder No. L73023 $\frac{1}{4}$, sheet size $12'' \times 9\frac{1}{2}''$, bound full canvas, $6''$ capacity.

Additional sheets are carried in stock as follows:

No. S1510—Sheet size $12'' \times 9\frac{1}{2}''$, unpunched, 100 sheets to a pad.

No. S1511—Sheet size $12'' \times 9\frac{1}{2}''$, punched, two $\frac{1}{4}''$ diameter holes, $7''$ centers, 100 sheets to a pad. Packed 5 pads, 500 sheets, to a package.

Dentists' Ledger Form

Adapted especially for dentists doing their own bookkeeping. The chart printed at top of sheet is used to indicate the work that has been done, the printed space below allowing for charges to be made at the time service is rendered. This form can be filed and preserved as a complete record of each case.

No. S584—Sheet size $7\frac{1}{4}'' \times 4\frac{1}{4}''$.

Dentists' Appointment Form

This form is indispensable to the busy dentist and allows for the recording of appointments at half-hour intervals.

No. S582—Sheet size $7\frac{1}{4}'' \times 4\frac{1}{4}''$.

Binders for use in connection with these sheets, our No. S104 and S304, described on page 71.

Condensed Business Record

Every executive should summarize all the important statistics of the business in one classified record, showing at a glance the relationship of the various figures, such as sales to expenses, comparative sales, etc., instead of wading through separate reports.

This system is a record of totals set in comparative columns for months and years, yet each important division of any classification—such as rent, taxes, insurance and salaries—in the expense division is fully provided for.

Seven individual forms cover every detail of any business. Size, 11"x8½".

Complete condensed business record, assembled ready for use.

Insurance Agents' Report Book

Standard Business Systems

Salesmen's Report Book

A convenient record of customers and prospects, designed to afford an efficient report that may be filed in a card index, keeping the sales manager as well as the salesman in close touch with conditions in various territories.

The cards are punched for use in an end open, pocket size memo. book. This keeps the cards clean while in the salesman's possession and enables him to quickly arrange them in order of his calls.

No. S570—Salesmen's Report Book, complete sheet size, 3"x5", consists of a flexible black morocco memo. book, $\frac{1}{4}$ " capacity, and 100 report cards,

No. S571—Report Cards, size 3"x5", banded 100 cards to a package.

Salesmen's Expense Book

A combined weekly expense report and route list, in compact pocket form. The front of the leaf is the detailed expense report and the reverse side provides for the summary of expenses and the route list for the following week.

No. S574—Salesmen's Expense Book complete, sheet size 3"x5". Consists of a flexible black morocco memo. book, $\frac{1}{4}$ " capacity, and 100 expense report sheets No. S575.

No. S575—Expense Report Sheets, size 3"x5", banded 50 sheets to a package.

Salesmen's Order Books

Made in two popular, convenient pocket sizes, complete with sheets. Covers are bound in flexible black levant grain cowhide, with pocket in back cover; $\frac{1}{4}$ " capacity, made with flap and glove fastener.

No. 576—Salesmen's Order Book, complete, sheet size 3"x5", consists of cover as described and 50 order book sheets, wide faint order book ruling No. S27/30.

No. S577—Salesmen's Order Book, complete, sheet size 3½"x6", consists of cover as described and 50 order book sheets, wide faint order book ruling, No. S29/30.

Additional order book sheets can be furnished as follows:

No. S27/30—Size 3"x5", banded 50 sheets to a package.

No. S29/30—Size 3½"x6", banded 50 sheets to a package.

Insurance Agents' Data Book

The successful insurance salesman realizes that many calls are often needed before insurance can be written, and that it is necessary to keep in close touch with prospects. A record of insurance carried, policies under consideration and similar information in convenient form for ready reference, is of greatest assistance. The cards used with this book are punched for use in an end-open pocket size memo. book and, being of standard size, may be filed in a card index.

No. S572—Insurance Agents' Data Book, complete, sheet size 3"x5", consists of a flexible black morocco memo. book, $\frac{1}{4}$ " capacity, and 100 data cards No. S573.

No. S573—Data Cards, size 3"x5", banded 100 cards to a package.

Duplicate Bill and Charge Form, Two Bills on a Sheet.

Standard Business Systems

The Duplicate Bill and Charge System

A simplified, efficient system, eliminating many operations necessary to old billing and charging methods.

How the System is Used.—The original bill is of white paper, ruled and perforated so that it can be easily removed and sent to customer. The duplicate sheets are plain buff paper. Original and duplicate are made at one writing by use of carbon paper. Bills are furnished one or two on a page to accommodate long or short charges. The duplicate sheets are consecutively numbered as used, and become the permanent sales record from which postings are made directly to customers' ledger accounts.

Charges are usually made from sales tickets or from loose leaf order blanks, the latter being the most satisfactory, as charges are then made from the original orders.

No. S1530—Duplicate Bill and Charge System, size 11"x8½", consists of:

No. L64019—Current Binder, full canvas, leather corners, sheet size 11"x8½", two ⅜" sectional posts, 7" centers.

No. S1535—Leather Tab A to Z Index for current binder.

No. S1533—1,000 sets of Bills and Duplicate Sheets, size 11"x8½", one to a page.

No. L66619—Screw Top Sectional Post Transfer Binder, full canvas.

No. L67069—Linen Tab A to Z Index for Transfer Binder.

No. S1531—Duplicate Bill and Charge System, size 11"x8½", consists of same binders and indexes as No. S1530, but has bill sheet perforated through center, making two bills on a page.

No. S1532—Duplicate Bill and Charge System, size 11"x8½", consists of same binders and indexes as No. S1530, but has one half of the bill one on a page and one half two on a page.

No. S1539—Duplicate Bill and Charge System, size 11"x11", consists of:

No. L64043¼—Current Binder, full canvas, leather corners, sheet size 11"x11", two ⅜" sectional posts, 7" centers.

No. S1544—Leather Tab A to Z Index for Current Binder.

The Monthly Statement Ledger System

Tumble Form Ledger Sheet

Standard Business Systems

The Monthly Statement Ledger System

This system is inaugurated by placing in the Current Binder one each of the monthly statement forms, original and duplicate, and a Tumble Form Ledger Sheet for each account. The Current Binder should be alphabetically arranged and a subdivided index used if necessary for easy reference and to facilitate posting.

The charges and credits are made on the original statements, carbon paper being used to provide copies on the duplicates. The charges are usually made from loose leaf order blanks and credits from the cash record, and return merchandise is credited from the returned goods record.

At the end of each month the charges are totaled, cash and merchandise credits deducted and the balance extended. The originals are then torn out at the perforations and mailed to customer, the balance being posted to the ledger sheet; the duplicates are then taken out and filed in the transfer binder in the same alphabetical order as in the Current Binder. The Current Binder is then rearranged as described above and is ready for the next month's work.

By this system considerable unnecessary detail is eliminated and accounting is reduced to a minimum of labor.
